Art Of Photography

Art of Photography is a group of about 20 keen and enthusiastic, but not necessarily expert photographers. We work at all different levels using cameras and phones to get our shots.

Members are very friendly and welcoming, and we all find that we are able to support and appreciate each other's work.

Roger Ryton oversees this group as our professional photographer and is full of great ideas to improve our composition, exposure and in fact any aspect of our images.

We meet at Broadway House every 4th Wednesday of the month at 9.45 am until 11.15 am.

The meeting consists of two parts. Roger delivers tutorials, teaching and encouraging us in our photography from 9.45 am until 10.15 am. The following session we spend time viewing photographs that each of us has contributed on a given subject for that month. It's always interesting to see how different interpretations of the same subject can be.

Once or twice a year a photography day out is planned, usually in summer month (for obvious reasons).

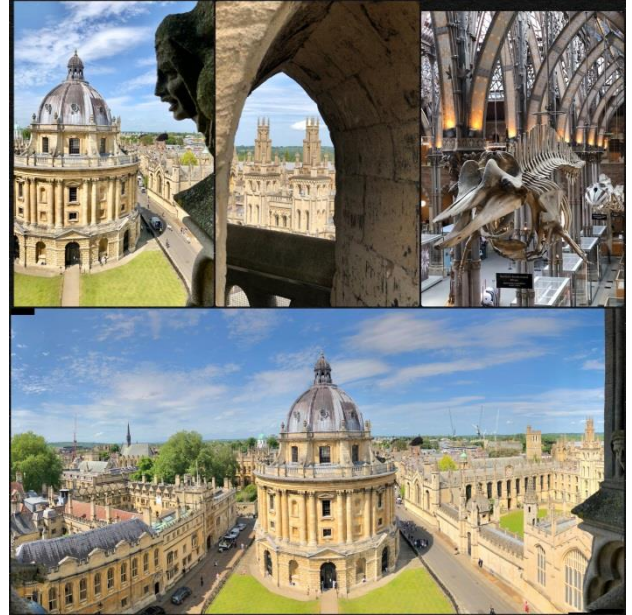

It's also an excellent way to get to know members of the group on a social level. Our last venue was the New Forest Lavender Gardens which was a wonderful opportunity to experiment with macro work as well as capturing beautiful landscape settings. Previously we have also explored the cities of Oxford and Salisbury.

We look forward to welcoming any new members who may want to share their hobby and skills with like-minded people.

Art Of Photography

Afternoon tea in a member's garden, getting to know each other.

A field day trip to Oxford....views from Mary Magdalene Tower.

A beautiful day out at the New Forest Lavender Gardens and tea rooms....

Lots of photographic opportunities.
