Science Group 1

- The Science Group is for anyone who has an interest in science and technology. There is no need to have had a professional involvement in science.
- Science has become one of the most exciting parts of our lives.
- Through talks and discussion, we aim to cover the latest developments in science.
- We organise visits to places of scientific interest as well as showing topical videos.
- All our speakers are volunteers - many being our own members.
- We meet at St Francis de Sales Church Hall on the third Thursday in the month from 2.00 to 4.00pm
- If you would like to join our group, please contact the group leader or the u3a Office.

Recent Science Group 1 Topics

The Secret Science of Sewage

A Brief History of Medicines
