Science 2

- Science 2 meets once a month on the 3rd Wednesday afternoon 2.30pm.
- We meet in the group leader's home.
- Speakers are from the group and talks last 45 to 60 minutes followed by questions and comments.
- We encourage a lively debate and a bit of banter.
- Afterwards we break for tea/coffee and biscuits to allow time for members to continue discussions in small groups and to make friends.
- You do not need a science background to join this group, and you do not need to speak.

Note: The group is currently full, with 15 members, there is also the Science 1 group. But if you would like your name to be added to the waiting list, please contact the group leader or the u3a Office - or consider setting up Science #3.
